

I am concerned by Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election.

This decision to bully stations into showing this program on the eve of the election is unfair to half of our voting public in this one sided issue. Sinclair uses the public airwaves free of charge and is obligated by law to serve the public interest. They should be required to give the same ninety minutes without commercials and in prime time to the opposing side of this issue.

Sinclair's actions show why we need to strengthen media ownership rules. They show why the license renewal process needs to involve more thought and review of controlling corporations.

Thank you,
